Subject: VB/I-70 OU1 NOID

Hey Steve,

We (CDPHE) are getting a barrage of correspondence from CAG members complaining about the NOID for OU-1. We have given them the standard answers that the NOID will be put out for public comment, and that relevant documents are available through EPA and/or CDPHE, however emails continued to be sent to the department's upper management. I don't know what the schedule is for the publishing the NOID but can we say that EPA will not release the NOID for public comment until after the first of the year?

Give me a call if you would like to discuss.

Thanks
